Innovation and tradition

Abbiamo da sempre l'obiettivo di rendere facile la vita dei nostri clienti. Utilizziamo le ultime scoperte tecnologiche per soddisfare le esigenze di chi vuole sempre avere il massimo della sensazione visiva e uditiva. Da una tradizione nata in Trentino negli anni Sessanta abbiamo sviluppato supporti di alto profilo tecnologico e dalla linea originale per ogni tipo di uso e apparecchio video e audio. Una vasta gamma di prodotti per tutte le esigenze e per tutti i gusti.

Facile vivere emozioni.

OMB è un'azienda italiana leader nel settore dei supporti per Tv con quarant'anni di esperienza.

Assicuriamo competenza e conoscenza.

Forniamo ai nostri clienti risposte concrete e corrette in piena sintonia con le esigenze e i sogni dei consumatori.

The O.M.B.'s objective has always been to improve the quality of people's lives through the latest technologies, together with the goal to satisfy the needs of those who want to experience the best visual and auditory sensations.

It's easy to live an emotion.

The company, situated in the Trentino region, Italy, was created in the sixties OMB now manufactures superior technologic supports with an original design suitable for every type of video and auditory appliance: a range of products able to meet the expectations of the most demanding customers and the most refined tastes. OMB is a leading provider of Tv supports and boasts 40 years of experience: a guarantee of expertise and knowledge. It strives to be honest and attuned to the needs and dreams of its customers.

MADE IN ITALY
20/05/2010

OMB fabbrica da sempre supporti tecnologicamente perfetti e all'avanguardia. Ma, soprattutto, fabbrica supporti esteticamente belli. Sono infatti apprezzati per il loro inconfondibile design "Made in Italy" che ha reso famosi in tutto il mondo i prodotti italiani. Ecco i nostri obiettivi: fornire accessori esteticamente perfetti e contemporanei per poter essere collocati armoniosamente anche dentro gli interni più sofisticati. Il tutto in un seducente rapporto qualità-prezzo.

L'azienda italiana, leader nel settore dei supporti per Tv

The leading Italian company for Tv supports

OMB manufactures perfect supports using state-of-the-art technologies. Design and aesthetics are also a very important part of the OMB's philosophy and all its products can boast the unique "Made in Italy" quality. OMB aims to manufacture high-quality, modern, aesthetic products which can fit harmoniously in any ambient, even the most sophisticated.

All this in an enticing quality-price ratio.

Totale rispetto per l'ambiente

OMB lavora, fin dalla sua fondazione, con un rispetto particolare dell'ambiente. Il nostro impegno è concretamente finalizzato a promuovere la sostenibilità ambientale, migliorando i processi di produzione, pianificando la raccolta differenziata dei materiali di scarto, utilizzando imballaggi riciclabili. Inoltre, da quest'anno, a questo processo virtuoso si aggiunge anche l'installazione, presso la nostra sede, di pannelli solari per la produzione di energia elettrica tramite conversione fotovoltaica. Quest'anno intendiamo produrre 99.000 kWh di energia, garantendo così la pressoché totale autonomia della nostra attività con energia pulita.

Totale respect for the environment

The protection of the environment is an important part of OMB's business philosophy. It is committed to: promote sustainable production, environmentally friendly technologies and products; organize selective collection of waste; use recyclable packaging and develop alternative sources of energy like solar energy with photovoltaic conversion. This year OMB will be able to produce 99.000 kWh of energy which means that it will function nearly entirely on solar energy.

“

Nella mia nuova casa volevo un arredamento elegante ed essenziale. Ma non sapevo dove collocare la televisione. Volevo che ci fosse, ma che non si vedesse quando non è utilizzato. Quando ho scoperto i supporti telecomandati della OMB la mia casa è stata finalmente completa

In my new home I wanted elegant, essential furnishings. I didn't know where to put the TV because I didn't want it to be seen when it wasn't in use. When I discovered OMB's remote control supports, my home was finally complete

”

Marco, 30

Electric supports

I supporti elettrici sono la grande proposta per avere sempre la visuale perfetta, da ogni angolazione ed in tempo reale. Una sensazione riequilibrio, di benessere che ti segue ovunque. E, allo stesso tempo, un valido aiuto per soluzioni particolari in tutti tipi di arredamento.

OMB's motorized supports are the great solution for a perfect vision from every angle in real time. A sense of well-being and readjustment that follows you everywhere, and, at the same time, a valid help for individual solutions in any type of ambient.

Tilt Range	Up:0° / Down:13°
Auto Mode	Auto Mode On/Off Function
Preset	2(5° /9°, mechanical)
Control Inputs	Learnable IR Remote and/or Optical Cable
Power	DC12V, 110 - 240 volts(auto-ranging)
Warranty	1 Year(parts&labor)
Certification	CE,(UL, TUV-Pending)
Characteristics	Automatic Tilt up&down with a TV remote Learnable IR Remote Easy Installation & Compact Design

Remote Tilt è una staffa automatizzata per Plasma, LCD e LED che inclina automaticamente il monitor in giù quando il TV è "ACCESO" e lo fa ritornare alla sua posizione eretta quando è "SPENTO". Ha una linea compatta e il telecomando è un optional dato che l'utente può usare il telecomando del TV per l'azionamento e la gestione delle funzioni di inclinazione in su & in giù del monitor. Questo modello permette di sostituire le staffe manuali ad un prezzo ragionevole.

Remote Tilt is an automated tilt mount that automatically tilts the plasma, LCD or LED TV down when the TV is turned "ON" and returns the TV to the upright position when the TV is turned "OFF". It has a compact design and the remote control is an optional as the viewer can use the existing TV remote for the automatic tilt down & up. It is a distribution model to replace manual tilt mount with a reasonable price.

Control Inputs	Learnable IR Remote
Power	DC 12V, 110 - 240 volts(auto-ranging)
Warranty	1 Year(parts&labor)
Certification	CE,(UL, TUV-Pending)
Characteristics	Automatic Swing Mount Safety Protection Function Space-saving Design

Remote Swing compatibile con LCD, Plasma e LED, è una valida alternativa alla staffa snodata manuale. Può essere montata per oscillare a destra o a sinistra con un campo d'oscillazione di 90° variabile consentendo la visione del Tv da varie angolazioni. Inoltre, può essere montata negli angoli della stanza per utilizzare efficacemente gli spazi.

Remote Swing is a unique alternative to today's manual articulating mounts. It can be mounted to swing either to the left or right with variable 90° swing range which means the TV viewer can watch TV from different angles such as dining room. It also can be installed at the corner of living room to use the space effectively. Suitable for plasma, LCD and LED TVs.

“

Volevo una televisione, nella mia piccola stanza, per seguire le lezioni di spagnolo senza quel rompiscatole di mio fratello. Solo che non riuscivo ad individuare il posto dove collocarla. E i miei: niente posto, niente Tv. Poi, in un negozio, ho scoperto i supporti della OMB... così ho trovato un posto nella mia camera. E ho convinto i miei.

I wanted a television in my small bedroom so that I could follow my Spanish lessons without being interrupted by my little brother, but I didn't know where to put it. My parents said "no room, no Tv!". Then one day I found the supports by OMB... I found a place in my bedroom and I convinced my parents

”

Ingrid, 17

New LED, LCD Plasma supports

I supporti per LED, LCD e Plasma rappresentano i “pezzi forti” della nostra produzione. Adattabili ad ogni tipo di contesto sono la soluzione ideale per collocare i video dentro gli spazi della vostra abitazione o del vostro ufficio. I supporti sono robusti, facili da montare, sicuri e versatili. Inoltre con Ledfix e Quick collocare, porre e fissare il televisore nella posizione adatta è un gioco da ragazzi. L'originale sistema di questo supporti fissi da parete garantisce alta qualità e prezzi accessibili a tutti.

The supports for LED, LCD and Plasma are the pièce de résistance of OMB's production: adaptable to any type of ambient, they are the ideal solution for the home and the office. The supports are strong, easy to mount, safe and versatile. Furthermore, Ledfix and Quick Level, with their original quick and easy fixing system, guarantee high quality at affordable prices.

SECURITY KIT LUNAR 2 col. 06096

Safety and top class design come as standard with SECURITY. It combines an elegant and slender silhouette with tested sturdiness and can be adaptable to LUNAR 1 and LUNAR 2. Its metal plate is perfectly integrated to the support and gives the TV extra anchorage. A lock and special screws are supplied, (the latter need a specific spanner which is provided separately).

“...cavi nascosti e fissaggio sia in orizzontale che verticale”.
“...hidden wires and both vertical and horizontal fixing”

E' sorprendente la funzionalità di Genio che offre **la copertura dei cavi** e massima libertà di fissaggio sia in orizzontale che verticale. Struttura pulita e di testata solidità e sicurezza, forma essenziale ma curata nei dettagli, estetica ricercata, GENIO by OMB è il kit innovativo che abbinando i supporti LUNAR1 e LUNARDVD crea un'accoppiata vincente per un successo garantito.

Genio is functionality at its best! It permits you to **hide wires** and offers both vertical and horizontal fixing. It's clean, linear structure follow the modern aesthetic demands without forgoing the details. GENIO by OMB is the revolutionary kit which, together with LUNAR 1 and LUNARDVD supports creates a winning team for a sure success.

LUNAR POWER

● 06109

LUNAR POWER, dove il design è al servizio della funzionalità! Facile da usare, discreto nella forma LUNAR POWER è la soluzione ideale per contenere e nascondere il collegamento dei cavi alla multipresa (ciabatta inclusa), ma anche quel dettaglio di stile in più per vivere bene e senza pericoli.

LUNAR POWER matches discreet design and functionality. It's easy to use and great for containing and hiding wires connected to the multiple socket. A stylish solution for better and safer living.

Projector supports

I supporti OMB dedicati ai proiettori sono il risultato di una ricerca mirata ad unire estetica e solidità. Le migliori performance e gli standard qualitativi più elevati sono assicurati da una meccanica collaudata, adatta anche ad apparecchi ad ottica ultra-corta

OMB's projector supports are the result of an exemplary research targeted at uniting aesthetics to solidity. High quality products and top performance are guaranteed by well-tested mechanics, suitable for appliances with ultra-short optics.

“

Per la mia azienda, avevo bisogno di un proiettore che potesse essere pronto all'uso ma collocato in una posizione discreta. Ero stufo di fili disordinati e proiettori si equilibrio sul tavolo. Così ho collocato un supporto della OMB sul soffitto in mezzo alla sala riunioni. Quando non serve, non c'è. Appena serve, è già pronto. E tutto rimane in ordine

For my company I needed a projector that was ready for use, but not in your face. I was fed up of seeing wires and projectors balancing on tables or piles of books. I positioned an OMB support in the centre of the ceiling of the conference room, so when it's not in use it can't be seen and when you need it it's ready and everything is so much tidier

and its distinctive mechanism permits even the slightest tilt.

Classic TV supports

I supporti OMB dedicati alle televisioni Crt rappresentano il "classico" della nostra produzione. Sono stati i primi ed ancora intramontabili supporti per cambiare la collocazione della televisione dentro gli spazi delle abitazioni. Movimenti precisi, sicurezza, massima funzionalità; la linea "sfero" rappresenta ancor oggi l'insuperabile tradizione dei nostri supporti.

OMB's supports for Crt TVs are part of the "classic" production line. They were the first supports which permitted to change the position of the TV in a home. These evergreen supports are precise, safe and functional. The "sfero" line is still today testimonial of the unsurpassable tradition of OMB's supports.

“
Ero affezionata al mio vecchio televisore, ma non ho voluto rinunciare alla comodità dei supporti OMB.

I was fond of my old TV set, but I didn't want to give up the convenience of OMB's supports ”
