CVW901	Base + Headphones

EXTRA HEADSETS & ACCESSORIES

Replace damaged or lost phones or add extra headsets up to as many as required to use the one
common source transmitter. Excellent solution for learning centres like class rooms, etc.

Code	Description
HPW902	Headset Only
HEP903	Replacement Earpads
RB901	Special High Capacity AAA Replacement Battery (Sold in singles. Two pieces are required)

CORDLESS HEADPHONES MONO INFRA-RED ::

Enjoy the experience of headphone listening without the bothersome restriction of being tied down with
cables. The base unit plugs into any AV source via their headphone socket. The audio is then transmitted
via Infrared up to 7M. The headset receives this signal and converts it back into audio for the listener. Two
'AAA' Alkalines are required for the headset. The transmitter comes with the required connections and
power supply. Suitable for any audio mono version for either mono TV/video or other purposes such as
conferencing, classrooms, etc. Spare foam pads HEP50.
2X AAA Batteries Required
